

Intec Sells Gillette Generators for high value...

Intec # 4008 - GEN-PRO 7.5kW  
Intec # 4006 - Gillette Gen Pro 12.5kW

# Gillette GEN-PRO 7.5 & 12.5kW

POWERED by **HONDA**

7,500 Watt

12,500 Watt

**Heavy Duty, long lasting portable power** for contractor use. If you want clean, dependable electric power, with the most reliable engines, then **GEN-PRO** is the right choice for you. This generator set is made for the tough jobs where you need reliable, Kleen-Power® (lower oscillations in power). It is like getting power from the grid, where ever you may be. *Intec note: The use of generators w/out this feature typically leads to electronic control board issues not covered by warranty.*

## Confident, Dependable Operation of Sensitive Electronics

Gillette's exclusive Kleen-Power® design allows only 7% harmonic distortion – similar to power from electrical utilities – translating to electrical protection for the items that you power with this generator.

## Extra Starting Power

Power- Assist™ design has 27% more copper wire and electrical grade steel then leading competitive models.

### Recommended Generator / System Pairing

Intec System	7.5kW	12.5kW
STORM FORCE HP	Y	Y
FORCE/2 HP	Y	Y
FORCE/3 HP TURBO FORCE HP	Y	
FORCE/3 HP2 TURBO FORCE HP2 & HP MAX		Y

NOTE: Cyclone, FORCE/1, and FiberForce can be powered by 7.5kW.
