

Hose Connectors that Swivel

Accessories to Increase your Productivity

Intec's proprietary line of hose connectors that swivel provide many benefits & opportunities to increase your productivity:

- ✓ **Freedom and Agility to move around**
 - ✓ reduces tangles & kinks.
- ✓ **Reduced user Fatigue**
 - ✓ no longer fighting the hose
- ✓ **Longer Hose Life**
 - ✓ Reducing kinks increases hose life
- ✓ **Simplify Hose Connections**
 - ✓ Grooved sections easily fit into hose
- ✓ **Durable**
 - ✓ Made out of long lasting urethane

Applications are many:

- Attic insulation installs
- Lawn & Garden
- Wall fill applications
- Car wash applications
- Vacuuming
- Many additional uses...

Straight swivel hose connectors (see next page for tapered swivel hose connectors)

Tapered Hose Connectors that Swivel

Accessories to Increase your Productivity

Intec tapered swivel reducer benefits:

- ✓ **Eliminate hose plugging**
 - ✓ gradual diameter reduction reduces clogging
- ✓ **Freedom and Agility to move around**
 - ✓ reduces tangles & kinks.
- ✓ **Reduced user Fatigue**
 - ✓ no longer fighting the hose
- ✓ **Longer Hose Life**
 - ✓ Reducing kinks increases hose life
- ✓ **Simplify Hose Connections**
 - ✓ Grooved sections easily fit into hose
- ✓ **Durable**
 - ✓ Made out of long lasting urethane

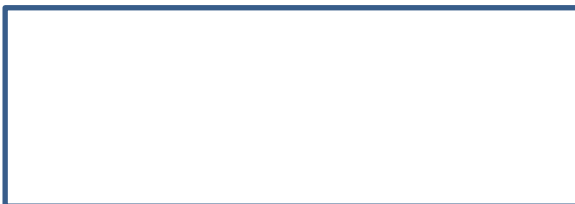

How does it work

The increased length due to the gradual taper allows the insulation material to slowly transition from one orifice size to another. The tapered swivel reducers will perform equally well with either cellulose or fiberglass material. Also, since these reducers are not made of steel, they will not build up rust which contributes to hose plugging issues.
